29) Returned with compliments. I have no definite information about the prices of food grains in Coorg. But information regarding prices in the neighbouring taluks of the Madras Presidency is being regularly obtained through the Revenue Officers in Mysore. And it is on this information that I should have said that except on the western & north western frontiers the disparity between prices in and outside the State is not great. I have no hesitation whatever in recommending the abolition of the frontier patrol establishment of the Makandalli T. Narsipur and Chamrajnagar (Nilgiri frontier) Gundalpet Taluks. The maintenance of the roads in the main road is sufficient in these places. As regards the Coorg frontier the proposal recommendation is based on the recommendation of the Deputy Commissioner although there is no definite information as to prices in Coorg, it may be taken that rice is cheaper

ai long train in Hussain Beg Kote, while rafi would be dearer. But have allowed the ... expend certain definite quantities of salt & kerosene every week to long - If the police patrol sentries withdraw would these commodities maybe diverted by merchants expected & contractors, but proof that such thing has occurred to appreciable extent. The Deputy Commr seems to think that the cart tracks on the main road are sufficient check for practical purposes and I am inclined to agree with him.

30) Regards the Hassan frontier the Deputy Commr reports (No. 49 of 7 Aug 1920) that prices of rafi and kerosene are certainly higher on the long border than on the nearer side, and cases of illegal export are being constantly detected of the patrol police part on the frontier. Once away from road the patrol police will have to be continued for another 6 months when the question may be considered again."

No reply has been received from the Deputy Commr Kohat on the subject.

Subject:-

Question of continuing the Frontier Police Establishments in the State.

---

59) Reference is invited to Government Order No. G. 16808-20-Pol. 61-19-4 dated the 22nd January last directing the continuance in all the Districts till the end of March 1920 of the temporary Frontier Patrol Establishments sanctioned for preventing the illicit exportation of prohibited food grains. The term was extended in the case of Kadur and Shimoga Districts up to the end of December 1920 and February 1921 in the Government Orders noted in the margin. The

G.23116-20-Pol.61-19-11 dated 7th April 1920.
G.24422-6-Pol.61-19-16 dated 26th April 1920.

Inspector General of Police having applied for the extension of the term of employment of other establishments as well, it was considered necessary to examine the whole question of the continuance of the establishment in view of the altered seasonal conditions and the Food Controller was consulted in the matter.

Pages 4 & 5 of Office Notes 60) 2. The Food Controller stated that, in accordance with a resolution of the Central Food Supplies Committee, he had addressed the Deputy Commissioners of the several Districts on the subject and that on receipt of their replies he would address the Government again.

T & its enclosure 61) 3. He accordingly forwarded with his letter No.1097 dated 17th August 1920 a copy of the resolution of the Central Food Supplies Committee passed on a consideration of the opinions expressed by the Deputy Commissioners of Hassan, Kolar, Tumkur, Chitaldrug and Mysore Districts and recommended sanction to the Committee's proposal to do

Sir,

With reference to Government Order No. G. 16808-20/Police 61-19-4 dated the 22nd January 1920 sanctioning the continuance of the Frontier Patrol Police Establishment till the end of March 1920, I have the honour to state that in the instance of Kadur District, the establis-ment of Frontier Patrol Police was sanctioned by Government in No. G. 23116-20/Pol. 61-19-11 dated 7-4-1920 till the end of December 1920 while in the instance of Shimoga District, the sanctioned establishment was ordered by Government in G. 24422-6/Pol. 61-19-16 dated 26th April 1920 to be continued till the end of February 1921.

The Deputy Commissioner of Hassan urges in his letter No. 2 of the 1st instant that the Frontier Patrol Police establishment sanctic-ed for his district will be continued until further orders. Under these circumstances, I request that sanction of Government may kindly be accor-ed for the continuance of the Frontier Patrol Police Establishments in Hassan and other districts, as in the case of Shimoga District, till the end of February 1921.

I have the honour to be,
Sir,
Your most obedient servant,

Inspector General of Police.

Sir,

In continuation of my unofficial note No.501 of the 24th July 1920 on (Secretariat) Police File No.18-20, I have the honour to submit herewith a copy of letter No.F.466 dated 30th July 1920 received from the Deputy Commissioner, Mysore District, in which he proposes that the frontier patrol establishments maintained in the taluks of Hunsur, Heggaddevankote, Gundlupet, Chamarajnagar, T. Narasipur and Malavalli may be dispensed with retaining only the present ookad establishments. The Deputy Commissioner mentions that the prices of ragi and horsegram are higher on the Nilgiris than in the Gundlupet taluk and that it may be necessary to still continue the restrictions as regards export to that place. The proposal is not to remove the restrictions, but only to remove the frontier patrol establishments, while the ookads on the main roads are still to remain. The reason for this proposal is that the disparity in prices appears to be not so great as to induce people to attempt surreptitious exports by way of unfrequented cart tracks.

The Inspector-General of Police, who was consulted in the matter, has replied generally that if Deputy Commissioners do not press for the continuance of the frontier patrol establishments they may be dispensed with. I beg to recommend that the proposal of the Deputy Commissioner may be sanctioned.

I have the honour to be,
Sir,
Your most obedient servant,

Food Controller & Director.

With reference to your letter No.11764-41 dated the 26th March 1920 and subsequent reminder No.496-99 dated the 22nd July 1920 in the matter of maintenance of the Frontier Patrol Police establishments, I have the honour to state that as the prices prevailing in the Coorg, Malabar and Coimbatore Districts are almost the same as the prices prevailing at the respective bordering taluks of Hunsur, Gundlupet, Chamarajanagar, Heggadadevankote, T.Narsipur and Malvalli, the Patrol establishments maintained in these taluks may be dispensed with, retaining only the present Ookad establishments as proposed by you. The price of rice, ragi and horsegram is however higher on the Nilgiries than it is in the Gundlupet market so that it may be necessary to still continue the restrictions as regards exports to that place.

The Deputy Commissioner,

Sir,

I have the honour to invite a reference to my letter No.11734-41 dated 25th March 1920 in the matter of watching the prices of foodstuffs in and outside Mysore, with a view to disbanding the frontier patrol police establishments as prices on both sides of the frontier approximate to each other. This subject was also considered by the Central Food Supplies Committee at its meeting held on the 16th instant when it was " resolved that the frontier patrol be discontinued in localities where the prices are about the same as those in the adjacent British taluks" and that necessary action may be taken in consultation with local authorities. As far as my information goes the differences between the prices now prevailing in the border taluks of the State and outside the State are not ~~xxx~~ very appreciable on the eastern and northern (excluding north-western) frontiers of the State and the temptation to smuggle food grains across the frontier is very considerably minimised. I have, therefore, the honour to request that you will be good enough to furnish this office with your opinion at a very early date whether in view of the present situation patrol police establishments cannot be dispensed with, road ookad establishments only being maintained for the present.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARIAT. III PROTECTION BRANCH. 6 AUG 1920

Extract from the diary of the Asst. Superintendent of Police, Sattamarahalli Range for the week ending 27th July 1920.

As it is, the Exports, Via. Bandipur get consumed entirely in the Nilgiris and whatever quantity they want for the Nilgiris we have been licensing and the result is that there is absolutely no necessity to maintain any checking-post at all on this line. It is true that there have been some attempts to smuggle through, but, that is due to the licencees foolishness and not all because they could not have obtained a pass for more quantities.

In these circumstances, it appears to be a misnomer to call it control in so far as this highway is concerned. I recommend the immediate abolition of the police and also the revenue posts at Bandipur and along the Mangala-Elchetty line. In fact we have practically killed all traffic on pack-bullocks and the rainy season is adding to the dangers of attempting to descend the Moyer ditch.

There is no object in checking permits when they are for all practical purposes issued for the asking.

While by licensing thus we enable the Lubbay Merchants of the Nilgiris to dictate their own terms and make huge profits, our own merchants are losing the profits of taking their commodities direct and bringing back their profits to swell the wealth of our State.

The posts in this taluk are entirely absolutely an unnecessary charge and as I honestly believe, must cease at once. I shall send up a representation about the rest of this line after I get the list of local prices across the borders.

Even as it is I have been of opinion that there is not likely to be any injury by the complete abolition of the entire line. There are enormous local stocks.

Letter No. 62 dated 30-7-1920 from the Asst. Superintendent of Police, Frontier Patrol, Suntemarhalli, Mysore District to the Deputy Commissioner, Mysore District.

I have the honor to report that the prices of all "controlled" commodities are more or less the same in these parts like in the adjoining British Territories as noted herein below and under these circumstances (considering also the fact that market prices have been more or less steady these some months and further that both theState and the adjoining parts the crops have been equally plentiful in 1919 and also 1920.), I have the honor to respectfully urge whether the time has not come for all control operations to cease at any rate. on this line (The Sivasamudram Bridge, Malvalli to the Gundlupet Taluk.)

The prices are not likely to advance to any appreciable extent and while it is even possible that large quantities may move out in the first one or two weeks. Merchants will find that it does not pay due to the fact that local stocks are heavy every-where In fact, I honestly believe every-thing will adjust itsef very soon comfortably.

I have already indicated that the Gundlupett posts be abolished in my diary forthe week ending 25th instant.

I seem to think that we have outlived our usefulness. with respects.

Sir,

I have the honour to submit for the information of Government a copy of resolution No.3 of the Central Food Supplies Committee at its meeting held on the 14th instant. The Deputy Commissioners of Kolar, Hassan, Chitaldrug and Tumkur in reply to my letter No.492-97 of the 23rd July 1920 (a copy of this was submitted to Government with my unofficial Note No.761 of the 24th instant) have stated that the frontier patrol police establishments should continue. The Deputy Commissioner of Mysore is of opinion that there is no need for continuing these establishments, vide my letter No.790 of the 2nd instant. No replies have so far been received from the other Deputy Commissioners. The Committee have considered the above communications received from the Deputy Commissioners, and also the information available as to prices in the bordering parts of the British districts. In view of the fact that the price of rice in most of the bordering parts of the Madras Presidency is not higher than in Mysore and that the disparity in the price of ragi is also not very great except on the Bombay frontier, the committee think that the temptation to export foodgrains surreptitiously by unfrequented carttracks and by paths is not great and that the maintenance of the police on the main roads and the more important carttracks would be sufficient. A certain amount of clandestine exports will doubtless go on, but that is

is the case even now, notwithstanding all the vigilance of the police. The committee therefore propose that the frontier police patrol may be abolished all over the State except on the Bombay frontier, that village committees and patels of border villages may be made responsible to prevent exports through their villages and as an inducement to them a reward of 25% of the value of the consignments attempted to be exported may be offered to any person seizing them and helping to bring offenders to book and that if necessary a few additional nakas may be opened on some of the more frequented carttracks on the border. I recommend that these proposals may be sanctioned.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director.

Extract from the proceedings of the meeting of the Central Food Supplies Committee held on the 14th August 1920.

Subject No. 3.

Proceedings of the meetings of the District Food Supply Committee, Hassan District held on 17th July 1920 and 5th August 1920, also opinions expressed by the Deputy Commissione of Kolar, Kurkur, Chitaldrug and Mysore.

Resolution:

In view of the fact that there is no great disparity between the prices in the State and the bordering British Territory except on the Bombay side, the frontier police patrol may be abolished except on the Bombay frontier. The village committees and the patels of bordering villages may be made responsible to prevent exports through their villages and as an inducement to them to make their efforts in this respect a reward of 25% of the value of the consignments attempted to be exported may be offered to any person seizing it, and helping successfully to prosecute the offenders. The Ookads may be continued, a few additional ones if necessary, on some of the more frequented cart-tracks on this border.

Sir,

In continuation of my letter No.1097 of the 17th instant, regarding the abolition of the frontier petrol establishments, I have the honour to submit herewith a copy of letter No.J.C.2642 of the 16th instant received to-day from the Deputy Commissioner of Shimoga. The Deputy Commissioner is in favour of the continuance of the establishments till the next harvest. As however, he has not stated in respect of what commodities and on what frontiers there is great disparity between the prices in the Mysore State and those prevailing outside, I am making further enquiries in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller & Director.

Letter No. O.C. 2642 (Rev)19-20 dated the 16th August 1920 from the Deputy Commissioner, Shimoga District to the Food Controller in Mysore.

With reference to your letter No. 492-99 dated 23rd July 1920 inviting my opinion regarding the continuance or otherwise of the frontier Patrol Establishments, I have the honor to state that the price lists received in this office show that the difference in prices previously on both sides of the border is still considerable. The Sub-division officer, Sagar has also reported to the same effect. Further I learn that some of the local merchants holding up stocks are eagerly awaiting the relaxation of vigilence to export them outside the State. I may also add in this connection that the local markets have already gone up in prices.

At this juncture it is apprehended that any attempt to withdraw or minimise the vigilence exercised hitherto may be attended with serious consequence, I, therefore suggest the continuance of the establishments till the next harvest.

Letter No. ROC. 603 dated the 6th September 1920, from the Deputy Commissioner, Kolar District, to the Inspector General ~~General~~ of Police in Mysore.

*****

In continuation of my letter No.R.J.C.603/19-20 anent the entertainment of additional men for Frontier Patrol duty, I have the honor to forward herewith copy of letter No. 155 dated 18th August 1920 received from the Superintendent of Police, Kolar Gold Field, urging the continuance of the present patrol establishment till the end of February 1921 for the reasons adduced by him and to state that I am in entire concurrence with views of the District Superintendent of Police on the subject.

2. The present establishment consisting of 2 Sub Inspectors and 20 talaries, exclusive of 8 Sergeants and 10 men lent from the Regular Police, the formal sanction for which has been accorded only till the end of March last, has been continued owing to the imperative necessity to prevent smuggling of food stuffs from the usually well-supplied market on the Fields. The fact that the rules regarding the export of grains are still in force postulates that the need to conserve our food supply still continues and as such it has to be conceded that the continuance of the patrol establishment is the most effective way to secure the end in view. I therefore have the honor to request that you will kindly obtain the formal sanction of Government for the continuance of patrol Police establishment till the end of February 1921.

3. With the sanction of the continuance of the establishment, the necessity to entertain hands in place of men lent for patrol duty has to be urged again as the Police force on the Fields cannot be permitted to be attenuated on any account.

Prevention

9

Prevention and detection of crime, undoubtedly of first rate importance, are not the only functions that devolve on the Police on the Fields. Equally important is the duty to keep the large miscellaneous cooly population well in hand and prevent it from resorting to deeds of violence even during the normal days, not to mention such occasions as the recent one when a big strike, (since settled), occured, a duty for the performance of which numbers are quite essential.

4. I therefore request that early sanction of Government may be obtained for the entertainment of staff proposed in J.C.No.63 dated 8th April 1920.

Inspector General of Police.

Letter No.155 dated 18th August 1920 from the Offg. Superintendent of Police, Kolar Gold Field, to the Deputy Commissioner, Kolar District.

***

Adverting to your H.C.315/Patrol, dated 2nd August 1920, anent the Frontier Patrol Police Establishment, I have the honor to state that I am in general agreement with the Central Food Supply Committee, regarding their view that as prices of food 'stuffs in and outside the province approximate to one level, the tendency to smuggle food grains grows less. But as local conditions are not found to be similar everywhere, this view cannot be held to be applicable all over the province. Regarding this circle, it has to be stated that it is reported that there is scarcity of ragi in the British tracts adjoining the Fields and that there is likely to be a great demand for this staple commodity. With such a growing demand, the tendency to smuggle is more liely to grow and develop, than cease or diminish and to prevent smuggling, road ookkads alone unaided by patrol parties are manifestly inadequate.

2. Further, the large cooly population on the Fields with fixed wages, dependent, on the weekly market for its usual supply of food stuffs and susceptible to the least variations in the market rates of the staple commodities, is a peculiar local condition, which makes it imperative that any tendency which is likely to cause any diminution of such commodity in the market here has to be immediately and effectively checked.

3. As sucn, I am of opinion that the Police Patrol Establishment hitherto sanctioned for the Kolar Gold Field circle should be continued for sometime longer, i.e., till February 1921, as has been done in other Districts (Viz. Kadur) particularly as the seasonal conditions are not very encouraging consequent on

the

the rains having held back hitherto.
